This is a local trip to places that many have never been. We plan to be a bit flexible based on the interests of those who are going. We have endeavored to keep the costs as low as possible. Whether we have eight people go or a few more, we will make this work. If there are fewer, cars will be used and we will not rent a van. So, please be flexible.

Thank you for going with us to see these sites. Have a great day!
